

GTRI Gives Back to The Children's Hospital Foundation

About The Children's Hospital Foundation

www.imaginethemiracles.org

In 1978, **The Children's Hospital Foundation** was formally established as a separate charitable 501(c)(3) organization dedicated solely to advancing the mission of The Children's Hospital. The Foundation has three purposes:

- Educating and engaging the community on the hospital's behalf
- Fundraising for the hospital
- Investing funds raised on behalf of the hospital

The foundation staff believes deeply that all children should have the opportunity for a bright and healthy future. Comprised of more than 50 fundraising professionals, the foundation is committed to engaging with the community to facilitate philanthropic support for the children and families served at The Children's Hospital.

Support for the hospital can be seen in a variety of ways as community leaders contribute to our mission by giving outright gifts, gifts in kind, volunteering their time and energy at a wide variety of fundraising events, corporate partnerships, gifts honoring loved ones, planned giving, and foundation grants.

Donate Online

A secure contribution form for The Children's Hospital is available on our Kintera Sphere website. Through this service, The Children's Hospital will receive your donation, and donors receive records of contributions for tax purposes. It's easy... and it makes a difference!
