

R2-3G Quick Help Guide

NETWORKING THE WARFIGHTER

Contract: **R23G (Rapid Response 3rd Generation)**
Role: Subcontractor to Raytheon, W15PT-10-D406
Contract Type: **MAC IDIQ - FFP, T&M, CR**
NAICS Code: **541712**
Performance Period: **July 2010 – July 2015**
Contract Type: **GWAC**

Why use R23G?

- » R2 was established more than a decade ago and has developed a very quick TO turn around with a 19 - 45 day response time from TO RFP release to Award.
- » TO proposals are small and focus on your technical needs, cost and schedule.
- » R2 Program Office administers the contract and the CECOM Acquisition Office and GSA provides the contract officer - eliminating the work load/time burden.
- » Raytheon PMO office is centralized and will assist you with the contract and how to use it. Raytheon will assist with completing the government documents and will introduce you to the R2 PMO.
- » Has over 80 team members on Raytheon's contract which allows us to ensure all requirements are met.

CONTRACT SCOPE

Areas of technology may include insertion, systems integration/installation, fabrications/prototyping, testing/certification, studies/analysis, logistic support services, training and engineering support services, including re-engineering and reverse engineering, for a range of equipments and services.

How it works

R2 PMO has a two-phased process: Pre-Award and Post-Award. The Pre-Award process is designed to be completed in 19 business days. Detailed explanation and forms for registration can be found on the R2 Program Office website at <https://r2csr.monmouth.army.mil/Default.aspx>
